

## Infrastructure & Development Committee

### General Purpose

- (a) To provide strategic input and monitor **infrastructure development** plans
  - (b) To consider **property related developments** and to provide input into their prioritisation and implementation plans
- 
- 1 To identify and acquire use of appropriate off-site premises
  - 2 To provide governor input into the development of college property strategies, including oversight of:
    - 2.1 The production of college's long term property development plan
    - 2.2 The production of the college's property development strategy to support the three year development plan cycle
  - 3 To identify funding sources for new build projects
  - 4 To provide governor input into prioritisation of infrastructure developments
  - 5 To provide governor involvement in, and monitoring of, the progress of infrastructure and other developments
  - 6 To monitor the progress of major college property and infrastructure developments against agreed outputs
  - 7 To maintain an awareness of educational developments in the locality of the college and the wider area that might affect the college's position
  - 8 To receive the minutes of the Higher Education Steering Group
