1 PURPOSE

This policy statement sets out the college's arrangements for managing the access of providers to learners at the college for the purpose of giving them information about the provider's education or training offer. This complies with the college's legal obligations under Section 42B of the Education Act 1997 and the government's statutory guidance for governing bodies, school leaders and school staff.

2 SCOPE

This policy statement covers the entitlement for all learners to enable them to explore options relating to technical qualifications, higher education and apprenticeship opportunities as part of a stable careers programme which provides learners with information on the full range of options at key transition points so that decisions can be made in their best interests.

3 STATEMENT OF ACTION

A variety of opportunities and events will be made available to learners and will offer providers with the opportunity to come into college to engage with learners and/or parents/careers.

These may include:

- Induction activities and Fresher's Fairs
- Open Events
- Progression and Careers Fairs
- Tutorials
- Drop-Ins and Marketplace events
- Workplace Visits
- Conferences
- Taster Sessions

The range of activities will be identified through the annual Careers Plan or Enrichment Calendar for each Campus and appropriate Scheme of Work based upon the level of programme that the learners is enrolled upon.
