

Online Schools' Guide

education
training
collective

Welcome

Due to the current situation, the College is unable to offer our full package of engagement activities face to face, but don't worry, we can still provide you and your students with the support and information you are used to, just delivered in a slightly different way – helping students on the next steps of their journey into further education.

We have put together a list of activities that your school can arrange through us. These are 100% safe for your students and take into account the advice issued by the Government and our local authorities.

This guide will provide you with details of the services and activities that we can offer your school and students. Offering clear information and top tips for the months ahead, our activities will help students to tackle those all-important post-16 transition decisions.

Got an idea or a bespoke requirement for your school? Talk to us, we are always developing our services and are keen to help. Our School Liaison Team is your first point of contact for any enquiries, questions or requests, you or your students may have. Working with secondary schools across the Tees Valley and the wider region, we can visit your school throughout the year – either in person or by arranging an online event via Microsoft Teams - to provide information and advice to pupils considering their next move in education or training.

We also work in partnership with a number of agencies including pupil referral units, the local authority, social services and community-based groups to provide education, training, information and advice for all those preparing to move into post-16 learning. As always, we offer impartial advice as our aim is to help your students make the right choice for them.

Online

OPEN EVENTS!

Our online open events are the ideal opportunity for students, parents, guardians, teachers, and careers advisors, to see all we have to offer. We hold online open events throughout the year, so please encourage your students to sign up and check out our College offer.

Check our social media for regular updates about the latest online open events.

Online Explorer Days

Our Online Explorer Days offer students in Year 10 the chance to see a range of subjects they are interested in at the College before making their final choices in Year 11.

We offer Explorer Day sessions at:

SRC: In all subject areas

Redcar: In all subject areas

Bede: In A levels, A level equivalent courses, Sport and Public Services

NETA: In Engineering

Dates
for Explorer
Days can be
arranged with your
individual school.

Please contact us on
01642 865 466.

Online Specific Career Days

These interactive and informative sessions are aimed at Year 10 and 11 pupils. Held online via Teams Meeting Apps, we will be joined virtually by employers from across the Tees Valley. Offering pupils the chance to ask questions in real time and gain impartial advice about specific sectors!

Did you know?

Some of our past guest employers have included:

Jet2holidays

A.V. DAWSON
ROAD • RAIL • LAND • SEA

Keepmoat
Homes

Online Tours

Our online tours are created using our state-of-the-art 360 cameras and can be delivered live over a range of different platforms best suited to the student. These could include Facebook, Instagram or video calling. Please contact us directly to arrange.

Call: 01642 865 466 or email: info@stockton.ac.uk

Careers Advisors' Days

These will be held through Microsoft Teams and are a fantastic opportunity to get an update on our curriculum and what we have to offer. In June we will be holding events that will cover our NETA site, Health & Social Care and Construction. Invites to follow.

Contact us for more information.

Call: 01642 865 466 or email: info@stockton.ac.uk

Course Interviews

Due to the importance of students speaking to staff before they make a decision about their future we are still holding interviews for our applicants. We want to get to know your students and make sure they get the right course. Our interviews are now being held over the telephone by our friendly course tutors who can't wait to speak to applicants.

Pupils can also speak to one of our friendly and knowledgeable schools team if they aren't sure which course they want. We can also help support students in the application process and answer any questions they may have.

**Call: 01642 865 466 or
email: info@stockton.ac.uk**

Online Assemblies

All the College videos are available on our website free for your school to use. Please contact us if you would like a bespoke one which could be delivered live to the classroom.

Instagram Takeovers

Every Monday - Stockton Riverside College

We hold
'Instagram
Takeovers' where
students can ask all
their questions and
speak to a friendly
member of staff.

Hello

Get Started

Year 11 Resources

We have worked closely with our course tutors to develop our 'Get Started' programme to help students in their chosen

subject. This keeps Year 11 students engaged with work and helps to ensure a smooth transition into College life. These can be found on our College websites under the '16-18 Courses' tab.
